# Ladies!—Before Paying High Prices For SUITS, COATS and SKIRTS

That Are Ready-Made, Investigate My Very Reasonable Prices for Custom-Made Garments—I Can Save You Money and Give Finer Garments

THIS SOUNDS STRANGE, BUT IT IS A POSITIVE FACT— HERE IS HOW I DO IT.

I don't carry a stock of made-up goods that requires a tremendous outlay of money-I have no poor sellers on hand that I lose money on, that make it necessary to add large profits on good sellers.

Each garment I sell is a sure sale. My profit is very small, as I do not have to lay out a lot of money for a stock -and I have no losses or "stickers" that don't sell.

In addition to giving you lower prices on the better grades of garments, I give you garments by far superior in quality and fit. My garments are all strictly hand tailored to your individual measurements and they possess snappy and graceful lines.

You make your selection from

250 High Grade Wool Materials and 60 Authoritative Spring Fashions

Most of our well dressed men find it more economical and more satisfactory to have their suits and coats tailoredto-order—and now the Women will follow their example.

# New IDEAL-Arcola Radiator-Boiler

## Reduces living cost for small homes!

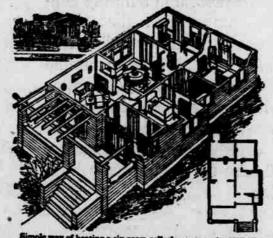

You'll stop dreading winter, you'll stop having chill halls and drafty floors, you'll stop all coal-waste, and you'll enjoy the ideal comfort, the health protection and the cleanliness by putting in at once an IDEAL-Arcola Heating Outfit.

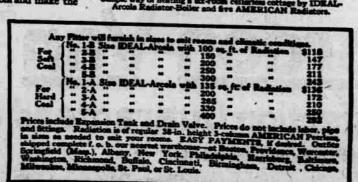

## The IDEAL bargain in low-cost heating!

The IDEAL-Arcola heats the room in which it is set, but being water-jacketed, the excess heat is absorbed by the water and is made to circulate to the other rooms by pipe connected AMERI-CAN Radiators. Stops all coal-waste. Heats all rooms uniformly. No cellar is needed. Same water is used over and over for years.

If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and one or two radiators (at less price than quoted below) and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms. Easily put in OLD Houses in winter weather without disturbance to occupants.

Changes your house into a home!

## How to File Catalogs!

THE "Yand E" Catalog Filing System keeps all your catalogs filed and indexed so you can locate any one you wish instantly. Forget either the name of the firm, or the name of the article, but you can find the catalog just the same, without the loss of a minute's time.

Phone, call or drop a card for a free copy of "Where's that Catalog?", a new "Y and E" book, which gives complete directions for filing and indexing your catalogs.
